

# AFZAL GROUP

SPINNING | SIZING | WEAVING | STITCHING

# ABOUT US

Afzal Group of Industries, founded in 1988 by Mian Muhammad Afzal, is a leading Pakistani textile company. Our vertically integrated firm, Afzal Spinning Mills Pvt Ltd, produces high-quality yarn and textiles, including fabrics, bed sheets, and pillow covers. With state-of-the-art facilities and modern machinery, we ensure compliance with international quality standards. The group's commitment to customer satisfaction is reflected in our diverse product range and excellent service. Afzal Group has become a symbol of quality in the textile market, known for their superior products and steady growth since their establishment.

# OUR VISION

Our vision is to grow into value added products to meet and exceed the expectations of all our valuable customers to whom we are committed to provide the finest possible service. Our team is full of capable and innovative people that are striving to serve the customer with the highest quality and value.

# OUR MISSION

We consider customer satisfaction as a high priority. Maintaining the high quality standards that we have set is also essential. Our qualified professionals are very capable and help us achieve optimum results. Afzal Group wishes to continue exploring new markets and to expand its horizons. We want to improve our production processes further through rigorous R&D to perform in the most efficient and sustainable manner.

# OUR PRODUCTS

A diverse range of products includes Processed and Greige fabrics. Home textile range from Bed linen to institutional and hospitality textiles. AFZAL GROUP specializes in the manufacturing of Grey Fabrics, White, Plain dyed, Printed, Dobby, and Yarn Dyed Fabrics. Finished products include Home Textiles which includes flat sheets, fitted sheets, Pillow Covers, Duvet Covers, etc. Apart from this, institutional textiles i.e. Healthcare textiles and hospitality textiles are one of the major product lines.

## White:

We have our own weaving set up comprises of Sulzer Looms to produce a variety of woven fabrics of 100% Cotton and Poly Cotton articles. Having looms in 110", 130", and 153" widths to produce narrow and wider widths as per customer's requirements.

## Dyed:

We are offering our fabrics in dyed form as per customer requirements and specs in pigment and reactive dyed forms.

## Printed:

We can also fulfill requirements in printed form. We have a variety of designs to pick and choose the designs or we can also create your designs to meet your requirements.

# ELEVATING TEXTILE MANUFACTURING

## Weaving Excellence:

At Afzal Industries, we boast a cutting-edge weaving facility equipped with the latest and most efficient looms. Our skilled workforce, coupled with state-of-the-art machinery, ensures precision and consistency in every woven fabric we produce. With a wide range of looms, we have the flexibility to cater to various fabric specifications and design requirements. This allows us to meet the diverse needs of our esteemed clientele while maintaining the highest standards of quality.

## Finishing Expertise:

As a vertically integrated textile manufacturer, Afzal Industries takes great pride in its comprehensive finishing facility. Equipped with advanced equipment and a team of experienced professionals, we employ a meticulous approach to the finishing process. From dyeing to printing, coating to embossing, we pay attention to every detail to achieve the desired texture, color vibrancy, and finish. Our commitment to excellence ensures that our finished fabrics meet international quality standards and exceed customer expectations.

## Trims and Embellishments:

Afzal Industries recognizes the importance of trims and embellishments in adding value and enhancing the aesthetics of textile products. With our dedicated trims department, we offer a vast selection of high-quality trims, including buttons, zippers, ribbons, and more. Our skilled artisans meticulously handle these trims, ensuring their seamless integration into the final products. By offering a wide range of options, we provide our customers with endless possibilities for customization, enabling them to create unique and captivating textile creations.

## Cut-n-Sew Capabilities:

As a customer-centric textile industry, Afzal Industries understands the value of offering end-to-end solutions. With our well-equipped cut-n-sew facility, we provide complete garment manufacturing services. Our skilled team of pattern makers, cutters, and sewers works diligently to bring designs to life, maintaining precision and attention to detail at every step. This integrated approach enables us to ensure seamless coordination between weaving, finishing, and garment assembly, resulting in superior-quality garments delivered on time.

# STANDING OUT

## Uncompromising Quality Standards

Afzal Industries takes immense pride in being an Oeko-Tex-certified group. This certification reflects our unwavering commitment to meeting and exceeding customer quality standards. We adhere to strict quality control measures at every stage of production, from sourcing raw materials to the final inspection of finished goods. Our robust quality assurance processes guarantee that our textile products meet the highest industry benchmarks, giving our customers confidence in the reliability and excellence of our offerings.

## Scalable Production Capacity

To meet the diverse demands of our valued customers, Afzal Industries has established a production capacity of one million linear meters per month. This significant capacity allows us to fulfill orders efficiently and punctually, ensuring that our customers receive their desired textiles on time, every time. Our streamlined production processes, combined with meticulous planning and resource management, enable us to maintain consistent output without compromising quality or customer satisfaction.

The finest quality at your  
doorstep!
